ELECTRIC PUSH BUTTON.

An original novelty, an exact imitation of the Electric Push Button. The base is made of maple,

and the center piece of black walnut, the whole thing about 1 1/4 inches in diameter, with a metal hook on the back so that it may be slipped over edge of the vest pocket.

When you see a friend approaching you have simply to raise the edge of your coat so as to expose to view your New Electric Bell, when he will push on the button at once expecting to hear it ring; the result can be better imagined than described. As soon as he touches it, you will see some of the liveliest dancing you ever witnessed.

The Electric Button

will give a smart shock when the button is pushed. Never known to fail. More fun to the square inch with the Electric Button than anything ever invented. Just the thing to use on old chestnut stale-joke peddlers. One shock from the Electric Button and he will never try to "rim off" any chestnuts on you again, but he will immediately send for a button himself, and square his account with some other fellow. Fun pressure, one thousand pounds to the square inch.

There is more real fun in the Electric Push Button than any other joker in existence. Everybody could have one.

The New Billiard Ball Trick.

As performed by the Queen of Magic, Mme. Adelaide Hermann. Performer produces first one solid billiard ball, takes the same between the tips of his fingers asking everyone to watch him as closely as possible. While they are doing so a second ball mysteriously makes its appearance beneath the first one which are taken up and both are solid. Replaced back between finger these two balls immediately increase to three which are again shown to be solid. The three when replaced between finger increase to four, held in view as shown. These now vanish as mysteriously as they came. From four they become solid from three, two, until finally one ball which after being tossed up vanishes. Particular attention is called to the increasing and diminishing of the number of balls is performed by ONE HAND. The balls may at any time be passed in inspection to prove that they are solid.

VANISHING AND REAPPEARING

This is the best coin trick for the pocket ever invented. It is a trick which to all appearances requires a tremendous amount of skill, but in reality it can readily be mastered by the unskilled with very little practice. The performer first tucks back his coat sleeves, leaving his arms quite bare, and then taking a coin, places it in the right hand, which he closes. Opening the hand a second later, the coin is found to have disappeared, both hands being shown quite empty. Closing the hand and again breathing upon it, the conjurer causes the coin to mysteriously reappear in the inside of the closed hand. He then takes the coin between his thumb and first finger of the right hand and making a tossing movement, causes the coin to vanish completely. After reproducing it from his leg, he rubs it into his elbow, then shows both hands empty and causes the coin to reappear at his elbow. Numerous undetectable passes can be performed by the aid of this clever contrivance.

Makes roars of laughter! Astonishes old and young! Makes the children dance with glee! It is the most amusing of all the parlor or home tricks!

The finger that is seen through the crown of the hat is a perfect imitation of a human finger. It is not human however. It feels like a finger cut from a lady's hand. It has all the appearance of just what it is not. It moves in every direction with the same ease as if it really was a human finger pushed through the crown of a hat; answers questions; makes a bow to the audience; disappears in an instant; returns again when called, and goes through all kinds of side splitting antics.

THE DISAPPEARING CIGAR.

A new and startling trick. You ask a friend if he will have a cigar; if he says yes, (which is usually the case), you take from your pocket or cigar case, an ordinary cigar, and hand it to him. As he reaches out for it, the cigar *instantly* disappears right before his eyes, much to his astonishment. You can apologize, saying, you are very sorry, but that it was the last cigar you had, and the chances are that he will invite you to smoke with him if you will let him into the secret. It is not done by sleight of hand, but the cigar actually disappears so suddenly that it is impossible for the eye to follow it, and where it has gone, no one can tell. A wonderful illusion.

vanished, and in its place is a bright new silver dime. Put the dime in your pocket, replace the cover on the box, and on re-opening it the penny will have appeared as strangely as it went. This trick may be performed in various ways in full view of the audience, without changing your position, and without the slightest fear of detection. For instance, the penny, or any other small coin, can be made to disappear ENTIRELY, at the will of the performer, and a moment later it appears again in the same mysterious way, as a ten-cent piece placed in the box can be changed into a quarter dollar in full view of the audience. The Changing Money box is one of the best and cheapest tricks in the market.

Closing his left hand, he gradually pushes, with the tip of one of the fingers of the right hand, the green handkerchief into the upper end of the left hand. As the green handkerchief is passing into the hand, it comes out at the other end changed to red. This process continues until the green handkerchief has changed entirely into a red one, which is pulled clear of the hand and shown. Instantly the left hand—which the spectators still suspect of containing something—is opened and seen to be entirely empty. No body work nor pulls of any kind, the trick being self-contained. "SYNGALI" WONDER CARDS

The Magician's Dream Realized; a Perfect "Forcing" Pack: Cards Actually Shown All Different.

Price 50 cents, Post Paid

Card magic revolutionized by this new and valuable discovery. So subtle and satisfactory that it instantly appeals to all, yet so simple that a child can operate it.

Effect No. 1: A full pack of cards is first introduced and shown to consist of all different cards. A spectator is allowed to remove a card from any portion of the pack without his choice being influenced in the least. The operator does not see or touch the card, yet he instantly knows what card was selected. This feat, which is alone worth the price of the pack, cannot be performed with any other cards, unless the operator be an adept in sleight-of-hand.

Effect No. 2: A card is drawn and returned to the pack by a spectator, whereupon the performer slowly removes the cards one at a time from the top of the pack, continuing to do so until commanded by the audience to stop. To the amazement of the entire company, the card at which he stopped, when turned over, proves to be the very card selected. This pack is especially useful in all tricks where it is necessary to know beforehand the name of a card which will be selected later. These and many other marvelous tricks can be easily performed by any one possessing this wonderful pack. It is so cleverly devised and the principle so skillfully concealed that detection is absolutely impossible. No exchange of packs, no manipulation or skill is required, and the cards are not marked. Highly recommended. **Price 50 Cents, Post Paid.**

MAGIC PLATE DANCER.

There is no end to the tricks you can play with this little novelty. It is a small rubber bulb connected by a long rubber tube to a larger bulb. Place the large bulb under a dish in the center of the dining table under the table cloth and run the small bulb to your place at table; then during the meal, pinch the bulb and the dish will dance about to the astonishment of all at the table and as if it were really bewitched. They will think they are beginning to "see things." Put it under the cushion of a chair or sofa and you will see somebody move in a hurry.

Put the larger bulb in your upper left hand vest pocket and the other in your pants pocket and make people think you have a serious case of palpitation of the heart. Say people, this is one of the greatest mirth producers out and the price by mail is only 25 cents.

FALSE MUSTACHES.

Great Reduction in Prices! Fun for the Million! Here you are, boys! Just the thing for a little harmless masquerading. These mustaches are made of the best material, genuine hair, nicely crimped. They have a wire attachment, allowing them to be fastened to or removed from the face with ease, and when

worn cannot be easily told from the real production of razor and soap. Boys and young men can have lots of fun by putting them on in a crowd of friends, who will be greatly astonished at the sudden transformation. They can be removed and replaced as often as desired. For private theatricals, amateur minstrel shows, charades tableaux, etc., where different characters are to be represented, these hirsute ornaments will be found invaluable. Our two illustrations show one and the same person, the difference in appearance being caused entirely by wearing our hair appendages. The first picture shows a beardless youth of sixteen; the second picture, the same youth wearing one of our mustaches. Any boy or man can change his personal appearance in the same manner as shown in our illustrations. We furnish our mustaches in six colors—gray, red, light brown, medium brown, dark brown and black. In ordering state color desired. Black and brown are the colors usually sold. Price of mustache 10 cents each, 3 for 25 cents.

FALSE BEARDS AND SIDE WHISKERS

There is nothing that will so completely change one's appearance as a false beard. A boy can be instantly transformed into a middle-aged man, that even his parents would fail to recognize. We have two styles, "full beard" and "side whiskers" with mustache, as shown in illustrations. They are suitable for masquerading parties theatricals, tableaux parlor entertainments, etc. They can be easily adjusted to or removed from the face, and young men can have any amount of fun by putting them on at evening parties or elsewhere. The transformation is wonderful, and we guarantee that the wearer of one of our beards will not be recognized by his nearest friends or relatives. They are made from real hair nicely crimped which gives them a wavy natural appearance. We have a full assortment of colors, white gray, red,

light brown, medium brown dark brown, and black. In ordering send a small lock of hair, or state color of beard desired.

Price of full beard as shown in cut 60 cents; price of side whiskers with mustache as shown in cut, 60 cents, four of either for \$2.00, 1 dozen, \$5.75, sent by mail postpaid.
